Soldiers Bonus, Strict Enforcement Of Dry Law Included In Platform

By Associated Press
Chicago—Stylish by his friends as preeminently available for the presidency and the "hope of the nation," William McKendree Daugherty, ex-secretary of the treasury, Tuesday is in the race for the Democratic presidential nomination to stay.

A conference of supporters from virtually every state which met here Monday to discuss the effect of Mr. Daugherty's connection with the Bohemian oil interests unanimously approved a resolution demanding his leadership.

"We denounce and condemn the recent infamous conspiracy which attempted to besmirch his name and proclaim that he has emerged from the attacks stronger than before," the resolution said.

"We unanimously demand his leadership," called to address the assembly after the vote of confidence, Mr. Daugherty outlined his platform.

PLATFORM IS OUTLINED
These are some of the things "that need to be done to protect the rights of the people and satisfy the demands of progress," he said:

1. Drive corruption out of Washington.
2. Call a new world conference to deal with political and economic problems.
3. Submit the question of American foreign policy to a national referendum.
4. Take the grip of Wall-st off the treasury department and the federal reserve system.
5. Repeal the Fordney-McCumber tariff act.
6. Prompt railroad reforms.
7. Put agriculture on its feet again.
8. Strict enforcement of the eighteenth amendment.
9. Reduce taxes.
10. Adopt a constitutional amendment prohibiting child labor.
11. Establish a national labor code.
12. Clean out the Veterans' bureau.
13. Pay a soldier bonus.

"Until the government is purged and made clean and honest and efficient again, no progress can be made in the settlement of the great problems confronting the American people," Mr. Daugherty said.

CONDITION OF GREENE WORSE

Complication Brings Second Operation To Remove Bone Splinters

Washington, D. C.—Senator Greene of Vermont, was in a critical condition Tuesday morning from the wound he received Friday night when he was hit by a stray bullet fired during the shooting which accompanied a chase of alleged bootleggers by a prohibition enforcement party.

A second operation for the removal of bone splinters from his brain found imperative late Monday night when he was followed for a short time by a favorable turn in his condition, but he soon suffered a grave relapse due to a hemorrhage. The latter complication was quickly overcome, however, and he was described at 8 A. M. as being "very slightly better."

Gotham Fire Claims Lives Of Thirteen

By Associated Press
New York—Thirteen lives were snuffed out in a few minutes in a fire, believed to have been of incendiary origin, which early Tuesday swept from basement to roof of a five-story tenement in the heart of New York's lower east side ghetto. Seven of those killed were children.

The blaze, unequalled in rapidity in the annals of the fire department flared up the staircase, fanned by a draft from the tenement's open front door blocking escape of the eight families who occupied the building.

Some of those in the upper two stories, awakening to find the flames at their bedheads, met death before they could even try to dash through the roaring furnace with which they were confronted.

Of the dead, five were boys and two girls, four women and two men. One of the children was an infant, whose charred body was found at the breast of its dead mother.

SIX WOUNDED AS BANDITS SEEK ESCAPE

Alleged Convicts Shot After Their Bullets Hit Four Officers

By Associated Press
Louisville, Ky.—Six men, two of them suspected automobile bandits and alleged convicts and four city policemen nursed bullet wounds Tuesday as a result of a desperate bid for freedom by the gunmen which included a running pistol fight through traffic thronged streets in the heart of the downtown district here.

The pistol battle was initiated late Monday by Lee Wallace, 23, Franklin, Ind., and Tex Stacey, alias Harry Miller, 23, St. Louis, Mo., when they suddenly drew weapons, wounding four policemen who were guarding them, leaped from an automobile patrol as the machine approached police headquarters and darted away.

Police and detectives joined in the pursuit and hundreds of persons, pedestrians, occupants of street cars and automobiles and workers in office buildings, attracted by the shooting witnessed the spectacular chase.

Flight of the gunmen was cut short by bullets from the service pistol of Detective W. J. Diehl, who was participating in a liquor raid when he heard shouting and the two men running in his direction.

BRIDE NEAR DEATH AFTER TAKING DRUG

Marquette, Mich.—Little hope is held out for the recovery of Lempi Niemi, 13, of Herman who is in a local hospital where she was taken after a chase of alleged bootleggers by a prohibition enforcement party.

Miss Niemi had just purchased her wedding gown in which she was arrayed when found lying across her bed in the home of Ernest L. Penrice, city commissioner, by whom she was employed as a domestic. The girl's parents, Mr. and Mrs. Jonas Niemi, reside in Herman and a sister, Stella, lives in Marquette.

STRIKE FORCES OFFICE MEN TO WORK ON DOCKS

Second Day Of Walkout Increases Tieup Of Shipping In Great Britain

By Associated Press
London—The second day of the dockworkers' strike brought no alleviation in the general tieup of docks throughout Great Britain with consequent inconvenience to commerce and industry and the general public.

Secretary Edwin Bevin of the Dock Workers' union issued a statement saying reports from the various districts indicated that there was "grim determination on the part of our men to see matters through" with the National Union of Railwaymen in certain sections cooperating with the strikers in the effort to force the employers to grant a wage increase.

Meanwhile important moves are under way in connection with the dispute. The chief of these is the court of inquiry set up by minister of labor to inquire into the causes of the strike. This body held a preliminary meeting Tuesday morning while the cabinet committee dealing with the strike took steps to act on the question of national organization and control.

Southampton—Clerks from the offices of the White Star line planned to go to the docks Tuesday afternoon and load the outgoing mail on the liner Olympic, scheduled to sail for New York Wednesday. The task was expected to keep these white-collared strikers up all night. The clerks also hoped to have time to load some freight on board the liner.

Some of the passengers booked to sail on the Olympic arrived here at noon Tuesday and will sleep Tuesday night on board the steamer at her dock.

ATTORNEY FILES SLANDER CHARGE

Engineer Alleged Lawyer Had Intimate Relations With Former's Wife

By Associated Press
Fond du Lac—A complaint charging George Williams, an engineer, with criminal slander was filed here Tuesday by District Attorney James E. Murray, acting in his own behalf.

The action is the outgrowth of an assault made by Williams on Murray Monday on the street here. When assigned on the assault charge, Williams was fined \$50 and costs.

According to the complaint filed Tuesday by district attorney James E. Murray, acting in his own behalf, Williams falsely and publicly accused him of intimacy with Williams' wife.

An affidavit filed by Mrs. Williams Tuesday denies intimacy with Murray.

Badgers Ask \$25,000 For River Survey

Milwaukee—A government appropriation of \$25,000 is asked in a bill introduced in congress in February by Congressman E. E. Browne of the eighth Wisconsin district, for the purpose of making a preliminary survey by the war department of the Wolf river to ascertain a practical method of controlling flood conditions with special reference to the navigation of the waters of the Winnebago pool.

According to Alan H. Tripp, Oshkosh, president of the Association for the Relief of High Water, the effect of the bill if passed would be to bring back into cultivation more than 150,000 acres of land in the vicinity of Oneida reservation, Shiocton, Black Creek, Seymour and New London districts.

This, according to Mr. Tripp, is part of an agreement entered into March 26, 1922, by war power and riparian interests in the Fox River valley with the government.

CROWD CHEERS AS KUFUHL IS GIVEN LIBERTY

Watertown World War Veteran Pronounced Not Guilty Of Poison Charge

By Associated Press
Elkhorn—Ernest Kufahl, Watertown World War veteran was found not guilty of complicity in the poison death of Edward Schauda of White water, by a jury in circuit court here late Monday. The jurors were out two hours and thirty minutes.

Four ballots were taken by the jurors before the verdict was reached. At no time were more than three members of the jury in favor of conviction, it was learned.

The crowds in the courtroom burst into applause when the verdict was read by John McFarland of Delevan. Immediately became the center of a joyous demonstration.

"I'm too happy to say anything," I was confident it would be like this," was all Kufahl could say to reporters. Mrs. Schauda of Whitewater, widow of the dead man and principal witness against Kufahl in the trial, which closed Monday will go on trial on Wednesday on a charge of first degree murder in connection with the death of Mr. Schauda.

TRUCK CRUSHES GIRL TO DEATH

Milwaukee—An auto-truck crushed the life of Helen Wangard and seriously injured Wilhelmina Smith, 6, late Monday.

The girls were walking home arm in arm from school when they stepped from behind an eastbound street car directly in front of the truck.

A front wheel of the speeding truck passed over the Wangard girl's head, crushing the skull and causing almost instant death. The other girl escaped with fractures of bones in the right foot and possible internal injuries.

Paris—The expert committeemen examining into Germany's resources have reached a general agreement on their report to the Reparation commission according to information from authoritative quarters Tuesday. They have decided, it is stated, that in view of the formidable loan to be placed on the international market previously suggested, a mortgage of practically ten billion gold marks on the German railway system, and other sources of revenue of the German government shall form the basis of a plan by which the allied countries, especially France, will derive regular payments of interest.

The mortgage bonds to be issued would be a first lien on the railways and be divided among Germany's creditors on the basis of the percentage adopted at the Spa conference in 1920.

MILLER DENIES MAKING CHARGE OF 'JUGGLING'

Alien Property Custodian And Secretary Mellon Appeal To Coolidge

By Associated Press
Washington, D. C.—The clash between Secretary Mellon and Thomas W. Miller, alien property custodian, growing out of the latter's speech in New York on the bonus has spread rapidly, reaching both the White House and congress. Letters and statements were issued swiftly Monday from the office of both administration officials and finally each submitted a statement of his case to President Coolidge.

In a letter to Mr. Miller, the treasury secretary asked whether the alien property custodian had been correctly quoted to the effect that a "high treasury official" had told him the department estimates of the cost of a soldiers' bonus had been "juggled" in an effort to defeat the proposal, and demanded the name of the "high treasury official." Mr. Mellon's letter crossed one enroute from Mr. Miller which stated that his address contained no charge of "juggled figures" but did say that he had been "informed that an official of the treasury department had verified my statements and figures" on which he based his remarks about variations in the bonus estimates.

FESTIVITY MARKS 'U' ANNIVERSARY

Member Of First Class Of Seventeen Is Included Among Guests

Madison—More than six thousand students and former students gathered here Monday night and celebrated the seventy fifth anniversary of the founding of the University of Wisconsin. The history and progress of the school were depicted in a play arranged by university officials.

One of the chief features of the event was a huge cake having on it 75 cardinal candles. At the conclusion of a series of talks by former students and officials, President E. A. Birge received the first piece from the cake. After he was served the students and visitors clamored for their share of the make-up.

The event marked the anniversary of the organization of the first class of the university in 1849. Seventeen young men were included in the first class. Among those interested in the event Monday night was William H. Hitt, one of the "First Seventeen," who still lives in Madison.

CARTER DEMANDS APOLOGY BEFORE RESUMING LABORS

Cairo, Egypt—Replying to the telegram from the Egyptian minister of public works giving him 48 hours in which to resume work in the tomb of Tut Ank Hamen, Howard Carter, wined the minister Tuesday that he was ready to take up the work again provided he received an apology from the director of antiquities and an understanding that no vexatious demands would be made on him in the future.

Attorney-General Refuses To Discuss Demand For His Resignation

WHITNEY FAILS TO APPEAR

Important Witness Refuses To Testify Unless Immunity Is Assured

By Associated Press
Washington, D. C.—Attorney General Daugherty remained silently defiant Tuesday in the face of the new attack on him and the Tuesday cabinet meeting passed without an announcement of his resignation.

Department of Justice insisted that he had no intention of surrendering to his critics but senators who have taken the lead in advising the president to ask him to resign remained confident that their advice would be followed.

Mr. Daugherty himself, arriving at the cabinet meeting a half hour late, would talk only about the weather. When he emerged an hour later and was questioned by newspapermen he showed plain signs of agitation and annoyance, but he insisted that the question of his resignation had not been discussed and he declared he had no statement to make for the present.

Just before the cabinet meeting, the president had been in conference with the government's special counsel in the oil cases and previously both he and the attorney general had been told of the new turn taken by the oil investigation.

While the cabinet was in session, the oil committee was in session behind closed doors some of the hearing on which Senator Wheeler, Democrat, Montana, has asked that the attorney general's attitude toward the oil program and his conduct generally be investigated.

In addition to the information given by the Montana senator the committee also was asked a group of New York state attorneys to disclose whether their books show any oil speculations by past and present high officials of the government.

PROBE'S SPECULATION

Washington, D. C.—The senate oil committee undertook Tuesday to show the extent of heavy speculations by high government officials in the stock of the Sinclair Oil Co. before and after the Sinclair interests leased Teapot Dome.

H. H. Benckard of the New York brokerage firm of J. F. Benckard and Co., his personal attorney, E. D. Bowers, and A. H. Clegg, oil office manager of the Benckard firm were in conference with the committee in executive session and it was decided to send expert accountants to New York to examine the records of the firm.

Mr. Bowers gave out this statement. Mr. Benckard was subpoenaed to produce records of certain stock transactions. These records were produced by J. F. Benckard and Co. have no knowledge or information that these records are in any way connected with the transactions under investigation or that they affect anyone in any way connected with the subject matter under investigation.

The following statement was made by Chairman Lenroot: "Officials of Benckard and Co., appeared before the committee and produced books and records which were requested. They expressed entire willingness to have the committee or its accountants go over all of their records. Some of those are so voluminous that it will be necessary for accountants of the committee to go to New York to examine them."

WHITNEY SUBPENAED

Harry Payne Whitney, New York financier, also had been subpoenaed and was expected to appear Tuesday but the committee received no word from him and efforts to locate him in Washington proved unavailing.

Before consulting with the brokers, the committee called in Albee Pomerehne and Owen J. Roberts special government counsel in the oil cases for a general discussion of developments during the weekend, including matters which formed the subject of conference between Senators Walsh and Wheeler, Democrats, Montana, and Chairman Lenroot and Mr. Tomerene.

One of the subjects discussed and finally referred to counsel was a request from one witness who is under subpoena for assurances whether he would be given immunity if he appeared and made a full statement. The committee has been told that this witness has much valuable information bearing on several phases of the investigation. Senator Wheeler, who has vested some new matters to members of the committee for investigation was present at the session Tuesday by invitation.

Resignation Of Denby Is Help To President

Secretary Of Navy Was Unwilling To Embarrass Administration, But Insists He Was Blameless

BY DAVID LAWRENCE
Copyright 1924 by The Post Pub. Co.

Washington—Edwin Denby of Michigan has resigned as secretary of the navy.

Unwilling to embarrass the Coolidge administration, yet insistent that his course of action has been without reproach, Mr. Denby has withdrawn from the cabinet just as a resolution adopted recently by the United States Senate asked that he should do.

The decision to withdraw has not been sudden. Mr. Denby felt from the first that the unfortunate attack which had been made against him would embarrass the administration because of the fact that this is a campaign year. He was ready to resign earlier but was persuaded not to do so.

The friends of the administration were of the opinion that to resign immediately upon the passage of the senate resolution would be to confess guilt and that it would hurt more than help politically. So it was determined that the president should issue his defense of the character and integrity of Mr. Denby and that withdrawal when it was made should be based simply on the differences that have arisen with respect to the execution of the leasing policy.

ADVANTAGE TO GOVERNMENT
Mr. Denby has contended that the leasing policy in conjunction with Secretary Fall were advantageous to the government. He has believed that an impartial investigation of the facts would vindicate him. On the other hand, the insistence of the senate that the leases be canceled has forced the executive branch if the government is to go into the courts to request injunctions nullifying the leases made by Messrs. Fall and Denby. The appointment of special counsel was for that specific object.

As pointed out in these dispatches last week the administration realized the awkwardness of having special counsel appointed by the president seeking to set aside an action taken by two other departments of the government. Under those circumstances a resignation was inevitable.

Mr. Denby now awaits the findings of the special investigation undertaken by counsel.

EMBARRASSED COOLIDGE
Clearly the Coolidge administration has felt the weight of the attack on the secretary of the navy and the president's friends have been determined that he should not be injured in the forthcoming campaign by appointments made and actions taken when he was not in office.

Mr. Coolidge has been represented by his intimates as desirous of cleaning house, and they hint that from now he may be counted upon to make other changes which he might otherwise have delayed pending the outcome of the presidential campaign.

The one weak spot in the Coolidge armor, politically speaking, has been the retention of Mr. Denby as secretary of the Navy. When the resolution asking for his withdrawal was passed and it appeared as if Mr. Coolidge would retain him, the Democrats were jubilant. They had at last to their own satisfaction brought the president into joint responsibility for some of the phases of the Teapot Dome mix-up. Now, however, Mr. Denby has to clear Mr. Coolidge's skirts and enables the president to stand before the country as having taken every step that could be taken by him to assure the protection of the government's interests in the matter of oil reserves.

Resident Of County For 85 Years Is Dead

Mrs. Filatreau preceded to her last marriage, to the widow of John Grignon, of the historical Grignon family, first settlers of Outagamie county. Her father, Ephraim St. Louis, came to this region 85 years ago from Quebec, Canada. He is known as the founder of Little Chute, or Little Chute.

She is survived by her widower, Peter J. Filatreau, one son, E. E. Grignon, at St. Mary's church at 8:30 Thursday morning. The body will be placed in a vault at Riverside cemetery.

Funeral services will be conducted by the Rev. Mr. J. J. Filatreau at St. Mary's church at 8:30 Thursday morning. The body will be placed in a vault at Riverside cemetery.

POLICE NAB BOY FORGER WHO LEFT BAD CHECK TRAIL

18-Year-old Young Man Sent To Jail To Await Sentence In Court

The budding career of a would-be check artist was thwarted by the police Monday through the arrest of Myron Braun, 18, who lives at 833 Drew-st. For some time past several businessmen have been dupes of the boy check forger, but only for the loss of small amounts.

Monday Braun dropped in with a boy friend of 13 years at a local cafe and after finishing his meal offered to pay by check. Joseph Belting, proprietor was suspicious of the check and privately notified the police department.

Meanwhile Braun offered to go to the Citizens National bank to cash the check. His companion stayed by the check and drove away in a Ford Rental car. Detective Matthew McGinnis hastened to the bank and there found the young man who, it is said, had no intention of paying the check for payment, but merely tried a bluff. He was promptly placed under arrest, and his companion was found in the automobile parked near the postoffice. No charge was preferred against his friend.

Previous to this he had passed a check for \$26 at the Army store on College ave. and signed the check "Frank Baigle." He also passed a check for \$3 to Otto H. Boelter and signed it "Fred Schroeder." Both checks were drawn on the Citizens National bank. On Jan. 31 he passed another check for \$27.84 at the William H. Nolan music store, and last Friday he presented one for \$12 to William J. Perron of Perron-Hassman.

Braun Tuesday pleaded guilty in the charges against him and was remanded by Judge A. M. Spencer in municipal court to the county jail to await sentence.

ORATORS OF FIVE COLLEGES COMPETE FOR STATE HONORS

Willard Henoch Represents Lawrence In Contests Here Thursday Night

Five Wisconsin college orators will speak at Peabody hall on Thursday evening to determine which college will be represented in the interstate oratorical contest. Willard Henoch, one of last year's successful debaters and winner of the interclass contest in oratory this fall, will represent Lawrence. His oration is "America and the Tragedy at Versailles."

Rapon, Beloit, Carroll and Milton are the other competing colleges. George Burgen will represent Rapon with "Silent Carbon," Francis O. Reorick, Beloit, "America Must Decide," Elmer M. Bingham, Milton, "Our Duty to the Farmer" and "Mottoes of Jones, Carroll, 'The American College'."

Lawrence has an enviable record in oratory having won the first and second place in the state contest for many years. Karl Trever won the state and interstate contests in 1922 and was awarded fourth place in the national contest. The year previous Victor Werner was entered in the national contest also.

Appleton people who are interested in the public speaking work in the college are invited to be present on Thursday evening. The orations all are on questions of national importance.

BOARDBILL JUMPER GETS FREE BOARD

Harry M. Kelly, said to be a past master in the art of jumping board bills, tripped on two of his well laid plans here recently and on Monday found himself in the hands of the police and crying quits. Arraigned in municipal court Tuesday morning, he was ordered by Judge A. M. Spencer to separate himself from \$25 in addition to \$2.50 for incidental costs, or else take a ten day vacation in the county jail. As in the case of his previous exploits, he found that he had not the wherewithal. That's why he is now one of Sheriff Otto H. Zuehlke's roomers by special request. Kelly, who sells hosiery for a living when he is not defrauding landladies of his week's room rent, preyed upon two or three different women in Appleton, according to the police complaint. One of the complainants lives on Ida-st., another on Durkee-st.

MISS EASTON CLOSING COMMUNITY SERIES

The last number of the Community Artist series program will take place on Tuesday evening at Lawrence Memorial chapel when Florence Easton gives her concert. Miss Easton's program has attracted much attention because of her popularity in large and small cities where she has sung. Miss Easton undoubtedly is one of the finest musicians who has come to Appleton in concert. Her diligent work to perfect her music has won for her the admiration of many great musicians and critics.

Rabbi Samuel Hirschberg of Milwaukee conducted the funeral services at the house and the Masonic order took charge of the services at the grave. Bearers were Joseph Ullman, M. Bender, Harry Marshall, Dr. T. H. Brooks and G. E. Buchanan. Knights of Pythias attended the funeral in a body. Interment was made at Zion cemetery.

Honor Harwood On 48th Year In This City

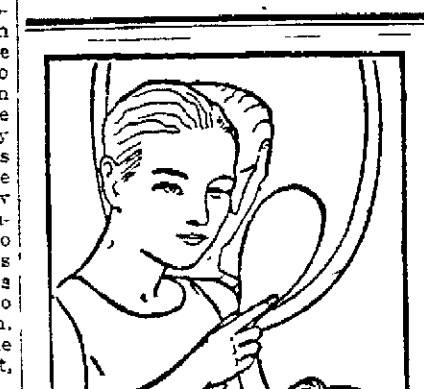

F. J. HARWOOD

To celebrate F. J. Harwood's 48 years in Appleton, employees of the Appleton Woolen mills and their wives, the office force of the Appleton Superior Knitting company and its resident salesmen had a banquet at the T. M. C. A. on Saturday evening. The affair was an informal get-together with Mr. Harwood as the toastmaster.

More than 150 guests were present. Besides speeches from a number of the guests there was a short program of entertainment.

STILL NO ACTION ON CHANGE IN STREET NAMES

No definite action was taken by the committee on streets and bridges Monday evening on the program of street renaming. A list of streets to be renamed had been submitted by the committee to an informal session of the council, but majority sentiment was not in favor of radical changes. It is expected that the question will be discussed further at the common council meeting Wednesday evening.

THINK APPLETON IS IN 'HICK' CLASS

Carelessness in Addressing Mail Not Much Of a Compliment To City

The "old town pump" is a thing of the past in Appleton, but the spirit of the old town pump is visible in many cities besides Appleton, at least as far as the public's understanding of mail service is concerned. This was brought out in a statement of Postmaster Zuehlke in regard to Better Mailing week which is being observed this week the country over.

There is every evidence that the mailers of incompletely addressed mail matter believe that to the postal service nothing is impossible, and, in fact, many things believed almost impossible are accomplished in the department, but at some expense. The fact that many mailers expect the postoffice clerks to know "everybody in town" is not exactly a compliment to the size and growth of Appleton.

Mail inadequately addressed and requiring directory service, of course means delay. Often it must be returned to the sender for a new address. For the lack of a return address nearly 20,000,000 of these are sent annually to the dead letter office. It was pointed out:

No matter which course these letters take, it means loss of money. Directory service and the readier office are costly to the postal service. At delay and non-delivery are, more often than not, costly to the mailer. For a long time the postal department has advocated a charge of 1 cent for each letter that requires directory service. This has been suggested in order to bring about greater care in the addressing of mail.

CONGREGATION OF ST. MATTHEW VOTES TO BUILD CHURCH

Building Committee Is Appointed To Construct \$25,000 Structure

Members of St. Matthew church decided to build a new edifice at their meeting Monday evening and a building and finance committee was appointed. The committee includes Fred Hoffman, Robert Schultz, William Krueger, the Rev. Ph. H. C. Froehke, pastor, and Albert Schumann, chairman of the church. The proposed new parochial school building was voted down.

The investigating committee which submitted its report at the meeting Monday night estimates the cost of the church at \$25,000. The building and finance committee plans to get busy at once on providing ways and means for erecting the structure which is to be located at the corner of Lawrence and Mason sts., the site of the present church.

STARK PAYS \$250 FINE FOR HAVING 'MOON' IN SALOON

Prohibition Officers Find Illegal Liquor When They Raid Place

News that prohibition agents arrived in Appleton Monday noon spread like wildfire, and in a few minutes many of the local "booze ring" had been "tipped off." Nevertheless the news did not spread quite rapidly enough to benefit one Raymond Stark, who until Monday had been conducting a soft drink parlor at 751 Appleton-st. Since he has pleaded guilty to possession of illegal liquor, it is expected that his license will be revoked by the common council Wednesday evening.

Chief George T. Prim of the Apple-

ton police department met E. T. Sullivan and F. B. Laabs, deputy prohibition enforcement officers, as they arrived at 12:45 Monday afternoon, and immediately proceeded to the Raymond Stark establishment. The proprietor was not there at the time, but the raiding officers found a glass containing over one-third of a pint of intoxicating liquor. The bartender also had a pint bottle of liquor in his pocket, the officer said. Stark was arraigned before Judge A.

GUERNSEY IS PAGE SETTER FOR CICERO TEST ASSOCIATION

Barth Brothers' Purebred Produces 1,066 Pounds Of Milk In Month

Fifteen cows of the Cicero-Black Creek Cow Testing association produced more than 40 pounds of butterfat or 900 pounds of milk during January, according to the report of Emil Barth, secretary, and Theodore Skoglund, official tester.

The highest producing cow of the association is a registered Guernsey owned by Barth Brothers. Her record is 54.4 pounds of butterfat and 1,066 pounds of milk, testing at 5.1 per cent. R. R. Bowerman & Son own the registered Holstein that had the next highest record, 48.2 pounds of butterfat and 1,329 pounds of milk testing at 3.5 per cent.

The individual records of the fifteen high cows are as follows:

ON THE SCREEN

"GOVERNOR'S LADY" STORY THAT PLAYS ON HEART STRINGS

"The Governor's Lady" David Belasco's stage play, which Harry Millard made for William Fox, is a human interest story of great heart appeal. The man who made "Over the Hill" and the screen version of "If Winter Comes," handles a theme of this kind exceptionally well.

At the time the stage play was produced on Broadway it was pronounced "an extraordinarily human play" and the screen version possesses this same quality to an even greater degree. Emmett Corrigan and Emma Dunn were the original Daniel Slade and his wife on the stage. Robert T. Haines and Jane Grey have the roles in the photoplay.

"The Governor's Lady" starts a 3 day engagement, Thursday at the Elito Theatre.

NOTABLE SUPPORTING CAST FOR NORMA TALMADGE PHOTOPLAY

"By Right of Purchase," Norma Talmadge's Selznick picture which presents her in an emotional society drama, of today, will be shown here at the New Bijou theatre on Wednesday and Thursday. To support Miss Talmadge, under the able direction of Charles Miller, who was with her in the production of "Ghosts of Yesterday," an unusually high-grade cast was assembled.

Eugene O'Brien, who was with Miss Talmadge in "Poppy," "The Moth," and "Ghosts of Yesterday," plays the leading supporting role. Ida Darling, seen on the screen, with his star in "Ghosts of Yesterday," has had a long career on the stage and screen, and is a noted character actress. William Courtleigh, Jr., is a son of the popular actor; Charles Wellesley will be remembered principally for his excellent performance in "Redemption." Florence Billings is a talented screen actress of considerable experience.

With such a sterling cast, and with a sumptuous production, Norma Talmadge adds new laurels to her crown of artistic achievement in "By Right of Purchase."

The story deals with the experiences of a young social butterfly who, seeking a position among the wealthy, marries one man while she believes herself to be in love with another. In due time disillusionment comes and she realizes that after all it is the man she married that she really loves but this realization does not come to her until many intensely dramatic episodes have transpired.

MAY FORM A. A. L. BRANCH IN MOUNT OLIVE CHURCH

Organization of a branch of the Aid Association for Lutherans at Mount Olive Evangelical Lutheran church will be considered at a meeting at 8 o'clock Wednesday evening in the church basement. All A. A. L. members within the congregation have been notified to be present.

This will be the second branch in Appleton if organized. Branch No. 1 is the first and consists of members of this church and of St. Paul and St. Matthew churches. There are 80 association members in Mount Olive church who are eligible to the new church.

SECURED RELIEF THROUGH FOLEY PILLS

John R. Gordon, Danville, Ill., writes: "I have suffered with kidney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease, became stronger and could sleep better." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle today. Sold everywhere. adv.

Desire To Hide Truth Is Blamed For Attacks On Schools' History Texts

Considerable comment and question surrounds the so-called pro-British presentation of American history as alleged by David Hirschfeld, commissioner of accounts for New York City. In the report on textbooks prepared by Charles Grant Miller for Mr. Hirschfeld, historians and teachers of history, ridicule the report, but there are many who feel that an attempt to win back the United States to the British empire is the underlying current of modern history books.

Because some historians discredit the story of George Washington and the cherry tree and go so far as to say that the war of 1812 was almost unanimous on the part of the United States, many Americans who feel that United States history should be written in a way to convince the youth of the country of the righteousness of his nation's every act, have sharply censured texts presenting facts in a way that possibly may be hard for patriotic citizens to digest.

CAN CHANGE BOOKS

A law enacted by Wisconsin in 1923 declares that no history or other textbook shall be adopted for use or be used in any district school, city school, vocational school or high school which falsifies the facts regarding the independence of the United States of 1812 or which defames our nation's founders or misrepresents the ideals and causes for which they fought, or contains propaganda favorable to any foreign government.

The law further says that upon complaint of any five citizens that the textbooks or histories used contain material prohibited by this law, the state superintendent of public instruction shall fix a date of public hearing and is the books are censured, they must be withdrawn from use in the school prior to the opening of the school year following the publication of such findings.

NOTHING ALARMING

"There is nothing alarming about the situation," said Lee C. Rasey, principal of Appleton high school, "and there are few people who believe that the texts are unloyal." He was of the opinion that the best texts are those that teach the student to think carefully and sanely, and to do this events must be presented as they actually occurred with it. The American revolution is not usually conceded to be a one-sided affair, he went on to say, and because many histories present these facts as they really occurred, a few persons have called the authors and the texts unloyal.

Professor John MacHarg, professor of American history at Lawrence college, said that he was out of sympathy with those who are directing criticism toward Muzzey's American history, one of the censored books. "Comparing his text with larger works shows him to be a judicious and fair man, and in my personal acquaintance with him I have found him to be most impartial," professor MacHarg declared. "It is to often that we idealize and glorify without presenting facts." The censors, he said, desire propaganda that would further nationalism and patriotism at the expense of truth.

R. W. Wells, teacher of American history in Appleton high school was of the opinion that when a student reaches his junior and senior year he gets to a point where he ought to be and is willing to examine the premises to get the foundation of truth. The attack on history books was unjustified, according to Miss Ruth Sandborn, instructor in history at Lawrence college, and if truth must be known, Americans are apt to glorify too much. Intense feeling of nationalism often causes war. Miss Sandborn felt that the truth ought to be presented. There are both sides to every question, and to form an opinion each must be known, she went on to say, and that it is generally known that many accounts of the revolutionary war are unfair to Great Britain.

Home Made Remedy Stops Bad Coughs

Get rid of that persistent tough cough before it gets rid of you. Follow this advice and make your own supremely good pleasant-tasting cough mixture that all the family, including the children, can take.

Get from Schlitz Bros. Co. or any druggist one ounce of Parmitin (double strength)—to this add a little granulated sugar as directed and enough water to make one half pint—that's all there is to it.

With speed almost beyond belief this home made cough mixture stops the toughest, hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing poultice and blessed relief comes at once. adv.

BAD WEATHER CUTS LUMBER PRODUCTION

The lumber trade throughout the northern and eastern sections of the country has been slowed down considerably by the recent heavy snow-fall and storm, says the American Lumberman, Chicago. Demand remains fair, and the market holds remarkably firm. Transit cars naturally have entered consumption less rapidly during the last few days, and are often sold at concessions when threatened by demurrage charges but there are no indications of mills departing from lists recently in effect, and better prices on some popular items are in fact demanded by many.

In the South the weather has shown no improvement, with the result that logging and lumber manufacturing are severely curtailed. While the larger mills find it possible to maintain their outputs on a virtually a par with those of preceding months, the smaller mills are encountering many difficulties, such as shortage of logs, impassable roads and inability to season their stocks, so a great many of them are shut down. Both orders and shipments of southern pine have for several weeks exceeded output by a good margin, and the stock situation remains unfavorable. The poor assortment at the mills often make it difficult to place orders, especially if they call for more than usual assortment.

NO HOLIDAY FOR SCHOOLS ON WASHINGTON'S DAY

School sessions probably will be held on Washington's birthday practically all of the rural and charter graded schools under the county superintendent's jurisdiction. According to the interpretation made by the state superintendent, Friday is a holiday but one on which appropriate exercises should be held. A. G. Meating, county school superintendent, is recommending to the schools that sessions be held in the morning and that patriotic exercises be held immediately after the noon recess. Pupils may be dismissed after the patriotic program.

PHILLIPINE SCHOOLS SHOW BIG INCREASE

By Associated Press

Manila—There are 43,265 more pupils in the public schools of the Philippines this year than last year, according to the bureau of education. This year there are 917,577 children enrolled as compared with 744,312 last year. The primary courses lead, with an enrollment of 717,914. Intermediate courses come second with 131,558.

Cebu leads the provinces, with 60,514, while Manila has only 52,238. Mindanao and Sulu, the Moro provinces, have a total of 41,144. Batanes has the smallest number of students, with only 54, of whom only 14 are girls.

Purebred Seed Prizes Offered At Winter Fair

The infusion of pure, pedigreed seed in crops of the southeastern part of Outagamie-co is expected to result from the prize awards to be made at the Midwinter fair which will be held at Kaukauna in March.

Instead of cash prizes, packages of pedigreed seed will be awarded by the Midwinter Fair association as premiums for the agricultural exhibits. The value of these prizes will total about \$250. It is planned to give between fifty and sixty prizes. Under that arrangement approximately 50 farms in that section of the county should benefit by the introduction of pedigreed seed of corn, grain or potatoes. Cash prizes will be offered for school exhibits household products and other exhibits. A baby clinic also is planned for the exposition.

PREPARE SAMPLE BALLOTS FOR ELECTION IN SPRING

Sample ballots and election notices for the March 18 primary election were certified by the secretary of state to John E. Hantschel, county clerk, Saturday. The notices are for election of a supreme court justice to succeed Christian Doerflinger, whose term has expired, election of delegates to national party conventions for the nomination of presidential candidates, and a vote on a constitutional amendment to raise the compensation of state senators and assemblages from \$500 to \$750 a year. Notices and ballots will be printed and sent to the various local clerks in Outagamie-co.

STUDENTS ARE AGOG OVER JUNIORS' PLAY

"Will Ned and Daphne marry?" "Is George a thief?" "What is in King's suitcase?" "Who has the stolen necklace?" These are the questions which are facing Appleton high school students as they ascend or descend the stairs at the high school. The questions will be answered as the plot of "A Pull House," the junior class play is reviewed at Appleton theater on Saturday evening.

The juniors who have been cast in the play are working hard to make their presentation a success. Considerable rivalry exists in the school between the junior and senior classes in the presentation of the class plays. The junior play takes place early in the year while the senior play is given shortly before commencement.

SUNNY VALLEY SCHOOL FINISHES READING COURSE

Sunny Valley school of the town of Cicero, District No. 2, of which Miss Esther Bubolz is teacher, is a 100 per cent school, as far as the school reading circle is concerned. That means that every pupil in the second grade and grades above has finished the prescribed list of books recommended by the state department of education for school reading circles. A 100 per cent certificate will be given the school by the county superintendent's office as a special award of merit.

LAST DAY FOR FILING BIDS FOR BOND ISSUE

Bids from various security companies on handling the issue of \$250,000 additional junior high school in the year while the senior play is given shortly before commencement.

bonds are due Tuesday. The last hour for filing bids with the city clerk is 4 o'clock Tuesday afternoon. The bids will be opened and acted upon by the board of public works. This issue is in addition to \$425,000 previously issued.

MR. DENBY RESIGNS
The propriety of Mr. Denby's resignation no one could question, nor its necessity. In the end, and the end was near, President Coolidge would have been compelled to act. He is spared that delicate and disagreeable duty, as he should be. Mr. Coolidge's statement in answer to the senate resolution expressing the sense that Mr. Denby be politely discharged was an affirmation of executive prerogative, not a defense of his secretary of the navy. His determination not to sacrifice "any innocent man" was abstract, not personal. Mr. Denby is not deprived of the privilege of thinking it was personal, if that is comfort to him.

Mr. Denby resigns in the consciousness of duty well performed. That too is his privilege. A man's conscience is his own. The nation's opinion however, is that he was wrong, and that is what counts in public life. Sometimes the country is hasty in forming its opinion and is itself wrong, but not for long. The perspective soon clears. In Mr. Denby's case we do not think the country's opinion was fogged. Its judgment was rapid, but the record was there, sufficiently definite and clear to admit of intelligent and not emotional judgment.

It is not Mr. Denby that matters, nor Mr. Denby's convictions. It is the measure and character of public service. It is the system and method of public administration. It is the conception of public responsibility, the understanding of what makes for public confidence in government and of the soundness of national policy. In these things, if nothing more, Mr. Denby was lacking—lacking by his own admission and acts.

Mr. Denby's going is of small consequence in itself. Its significance in our public life is of more consequence, and what comes after him is of still greater consequence. It is the same with another member of that ill-assorted segment of the cabinet, Mr. Daugherty, who is now attorney general in name only. He must follow Mr. Denby.

WASTE THAT SHOULD BE STOPPED

Since the days of Benjamin Franklin every postmaster general has found occasion to inveigh against a condition which has been the bane of the postal service since its foundation. The post office department, or, in the final analysis, the tax payer, pays an annual toll for the support of this evil amounting, in round numbers, to \$1,740,000. Of late years, however, it has become more and more apparent that the department and the tax payer are not the only sufferers. Business and industry every year lose millions of dollars from the same cause, which strange to relate, is, in most part preventable.

This economic waste—this strange disease—is nothing more or less than the careless addressing of mail matter; the depositing of letters and packages with incomplete, inadequate or incorrect addresses, an overwhelming majority of which comes from large patrons of the mails. In another effort to stem the tide of this waste, to save money for the taxpayer and to turn back into constructive business channels the millions now lost through mistakes. Postmaster General New has

designated the week of February 18 to 25 as "Better Mailing Week."

It is estimated that 200,000,000 pieces of mail are yearly given "directory service," which means that postal employees must take time from the regular handling and dispatching of mail in the endeavor to provide correct addresses for this huge volume of misdirected matter. In New York city alone the cost of this service approximates \$500 daily. Mail inadequately addressed and requiring directory service, of course, means delay. Often it must be returned to the sender for a new address. For the lack of a return address nearly 20,000,000 of these are sent annually to the Dead Letter office. No matter which course these letters take it means loss of money. Directory service and the dead letter office are costly to the postal service. Delay and non-delivery are, more often than not, costly to the mailer.

Solicitations for orders cannot produce results if the customer does not receive the solicitation. If he receives it a few hours late a competitor may get the order. Any business or commercial house knows that the delay to an order often means cancellation, as well as the loss of future business. Moral: Put your street address plainly, not only on all letter-heads and envelopes, but on newspaper and magazine advertising. Recently a list was selected at random disclosing that 284 business houses were using stationery upon which no address was to be found other than the city in which they functioned, and in some cases even this was missing.

It is felt that a great public service can be rendered in reducing the enormous extent of this careless and expensive practice. The cooperation of chambers of commerce, boards of trade and civic organizations, and publicity by the press, can go a long way toward relieving the postal service of this unnecessary drain and the result will be the saving of countless sums to American business.

DAWES GETTING RESULTS

Before long the immense store of gold which is accumulated in the United States will begin to flow toward Europe. As soon as arrangements are well under way for the forward movement of gold we may be sure that the economic stabilization of Europe is started. The first indications that our gold pile is soon to shrink are the recommendations contained in the readjustment plan which the Dawes commission has elaborated. Prices will tend to rise in Europe as the gold supply is enlarged there. The gold supply does not, of itself, create or increase business. But gold is the solid base of the monetary system, and money is the medium with which commerce is carried on, and when the medium of exchange is stable and plentiful, conditions are favorable for prosperous trade. The Dawes commission has, as might be and was expected, developed a sound and practical plan for stabilizing the finances of the business and governments of Europe. The cardinal provisions of the scheme are said to be approved by the French, Belgian and German governments, and it looks as if, after some negotiation with the interested administrations, there will be general agreement as to reparations and monetary re-stabilization.

The experts are said to have fixed Germany's capacity to pay at \$12,000,000,000. Germany accepts this conclusion, but desires control of the Rhineland and the Ruhr. If Germany receives back the railroads, bonds on these properties will be turned over to France and Belgium. The experts want German capital brought back to Germany. This quantity of gold would be augmented by a gold loan, presumably from America. Gold loans would be made to France to cover back reparations and costs. Property-secured money would pass out of use in Germany and gold-secured money would be issued instead. All of Europe would abandon the paper-money device and return to the gold basis. It is significant that even Russia is considering suggestions to secure its currency. The Dawes commission has gone to work quickly and well. It has made more progress in a few weeks than statesmen and soldiers and industrialists have in several years. The commission has gone to the foundation. It has found out how much Germany can pay and it will recommend gold loans to reinvigorate and restabilize Europe economically. There is every reason to believe that the long-awaited adjustment is near at hand.

Thompson says fast footwork is necessary in fighting. It is often more necessary in not fighting. The sad thing about being cheerful is no many people mistake it for just plain ignorance.

ACUTE RECURRING PERNIO

This is nothing but another name for chilblains. From the fact that there are other names for it you may deduce that we don't know so very much about it. I spoke suddenly in a previous article about the cause and prevention of chilblains. Now I grow profuse, for we're coming to the treatment.

Mild chilblains which itches or burns, may be relieved by bathing with a pinch of alum in some warm water, drying and powdering profusely with plain talcum of boric powder. If the itching or burning is intense soap on with the fingers some calamin lotion containing one or two per cent of phenol. Such a lotion is made by mixing these ingredients:

- Zinc oxide 4 drams
- Calamin 4 drams
- Glycerin 2 drams
- Lime water 2 ounces
- Carbolic solution 16 per cent 2 ounces
- Rose water enough to fill an 8 ounce bottle

Five per cent carbolic solution is the standard phenol solution which may be legally sold by druggists without prescription. When blisters form they should not be disturbed until it is necessary to be up and about; then each blister should be punctured with a sterile needle near its lower side and the serum gently pressed out upon a clean towel or cloth. The surface may then be freely powdered with talcum or boric powder or any combination of these.

In a number of cases of recurring chilblains success in prevention has been obtained by taking calcium lactate or calcium chloride, about 10 grains after each meal for a few weeks to supply an adequate calcium ration to the blood, which is presumed to be deficient in the lime content, wherefore the choroid of calcium should be taken very well diluted with water. This line of treatment has proved efficacious in relieving far fever in some cases that condition, too, being perhaps invited by a deficiency in calcium metabolism.

It is an old belief that the frequent rubbing of the feet with stimulating lotions or liniments such as camphor liniment or camphor soap liniment or which hazel or bay rum or just ordinary bathing soap liniment is the local circulation and tends to prevent the chilblains. A modern method of considerable value is the X-ray treatment which has given satisfaction more particularly in the prolonged after effects of chilblain or frostbite.

QUESTIONS AND ANSWERS
The Protein Ration

Please tell me whether a quart of skim milk a day will supply sufficient protein for a man of sedentary habits, so that he can get along without meat, eggs and other protein foods. I am the man and I have been informed in your references to the teachings of Hindhead, who seems to think we can get along with very little protein. I eat whole wheat bread and plenty of leafy vegetables but suppose I get little protein out of them. I wondered whether it would be advisable for me to substitute a quart of skim milk a day for the meat I have been accustomed to eating.—C. F. E.

Answer—A quart of skim milk—that is milk from which the cream has been removed—contains about an ounce of protein which is considerably less than the minimum required for a day. You get considerable protein in whole wheat bread. If your diet includes peas and beans you will get sufficient protein. Instead of drinking more skim milk to get more protein why not indulge in that very palatable article, cottage cheese, which is about one-fourth pure milk protein. Milk protein is one of the most valuable for all requirements of the body.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO
Tuesday, February 21, 1899

E. G. Naph of Manitowish and T. E. Nash of Nekeos were guests of Appleton friends. Max Herman Erb and Miss Josephine Erb left for Chicago where they were to attend grand opera. L. J. Robinson, who has been in Appleton since his return from Cuba left for Washington, D. C., to report for duty.

Mr. and Mrs. John S. VanNortwick and daughter Mary were about to leave for California on an extended pleasure trip.

A. L. Smith was to entertain in honor of his granddaughter, Ellen Adams Smith, at his home, 512 Alton-st., the following Friday afternoon and evening from 5 to 8 o'clock.

At a special meeting of the common council, the building committee of the new library was authorized to receive bids for the heating apparatus.

S. R. Willy, who has been confined to his home by illness for six weeks, was able to be about again.

C. B. Pride, who has just returned from a visit to the Northwest Paper company's mill at Cloquet, Minn., said most of the machinery of the mill was ready to go into operation.

The conservatory of music of Lawrence college was to give a public recital the following Tuesday at the college chapel.

Ferdinand Stoll, Appleton-st. blacksmith, was stricken with paralysis the day previous and died at 8 o'clock in the evening.

Pauline Lipski, who has been ill for two weeks, died the night previous.

TEN YEARS AGO
Tuesday, February 17, 1914

Dr. James A. Lyons of Waukegan was an Appleton visitor.

C. W. Reimer of Dale called on Appleton friends the day previous.

The Rev. George E. Barber of Troy, Ohio, a graduate of Lawrence college, was to occupy the pulpit of the Methodist church the following Sunday morning.

A movement was under way at Lawrence university to organize a chapel choir under the personal supervision of Dean Evans.

Application for a marriage license was made to the county clerk by Herbert W. Christianson and Miss Della VanNien, both of Appleton.

Yes, We Have No Robins
Hannibal comes rapping ante' portas of this column and also decides to rap the first robin sightseers. He asks, if there are no early robins, how can there be any early birds, and since when has a robin been a wood-chuck or as a German on his last retreat?

ROLLO: There doesn't appear to be any bird lovers column in the Post-Crescent. Nor is there any truth column that stands out like yours. I am for truth. Could you prove to a Missourian these stories about the first robin? Ask the robin sharks the following:

1. What is the natural diet of a robin?
2. Is he getting that natural diet now out of the ground four feet deep with frost?
3. How long will a robin feed on anything but worms and retain his health and strength?
4. Did your informant ever see a rose-breasted grosbeak?
5. Do they know there are grosbeaks and other birds with red breasts besides the robin?
6. Do they know that authenticated robins over a twenty-year period have appeared in Appleton between the 12th and 23d of March?
7. Can they make proof that any earlier arrivals with red breasts are not grosbeaks?

HOW TO BECOME A WORM
(In One Lesson)

The early bird catches the worm. In nature, business, love, all through. But in order that he shall be caught, The worm must get up early too.

That last one ought to be a little help to Bella Donna, eh, what?

LIGHTHOUSE KEEPERS SAVE BOYS FROM ICE

Shoketgun—Lighthouse Keeper Ingvald Olsen and his assistant, A. E. Pierce, used a long rope and a sled to save the lives of three boys here on Saturday.
The boys, Melvin Schumann, 14, Douglas Wolfert, 13, and Alex Kunstmann, 12, had been playing with a sled near the shore of Lake Michigan. Some distance out was a large iceberg. Two of the boys crossed over the thin intervening ice, but Melvin broke through when he attempted it, and reached the iceberg in a badly soaked and chilled condition.
The three youngsters were afraid to attempt the return passage and might have died from exposure had not the light keepers seen them. They attached a long rope to the boys' sled. The sled was then thrown across the open space and the boys hauled back to the shore one at a time.

Tables For All Games At Club Party

St. Elizabeth Club Plans For Large Crowd At Saturday's Card Games

Most people prefer to play bridge, schafkopf or five hundred, but there will be tables for any kind of card game at the open card party given by the St. Elizabeth club Saturday afternoon in Elk hall. Mrs. P. J. Vaughn is general chairman of the committee in charge. Those who wish to make reservations for tables may do so, but it is not necessary to reserve a table in order to play.

At the last party given by the club more than 200 persons attended and over \$100 was realized for the fund maintained by the organization to support a free bed in St. Elizabeth hospital. A large crowd is expected to attend Saturday's party, so a committee of 15 women has been appointed to take charge. This committee has announced that it will check all wraps so there will be no confusion after the party.

RED PEPPER HEAT STOPS BACKACHE

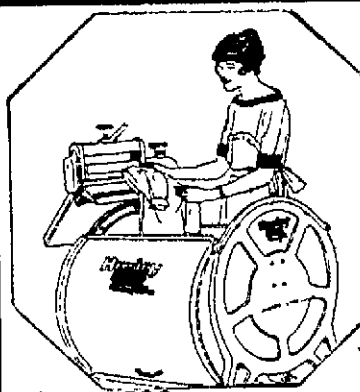

The heat of red peppers takes the "ouch" from a sore lame back. It can not hurt you, and it certainly ends the torture at once.
When you are suffering so you can hardly get around, just try Red Pepper Rub. You will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers.
Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.
Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package. adv.

Finally found health in Kellogg's Bran after suffering long with constipation

Mr. Patch writes that Kellogg's Bran "solved his problem." It has solved the problem of constipation—mild and chronic—for thousands of others. It has brought relief when all else has failed because Kellogg's Bran is ALL bran. Nothing but ALL bran can be 100 per cent effective. Read Mr. Patch's letter:

Dear Sirs:
I have been a constant sufferer from constipation and have wondered what was the cause of it. I have tried about all the cereals I could think of, and finally tried Kellogg's Bran. This solved my problem. I feel 100 per cent better and I owe it to your Bran. Thanking you very kindly for this great cereal, I am
Very respectfully,
Chester C. Patch,
761 Main St., Greenwood, Mass.
For the permanent relief of constipation, eat Kellogg's Bran regularly—two tablespoonfuls daily—in chronic cases, with every meal. It sweeps, cleans and purifies the intestines. It rids them of the dangerous poisons that lead to other diseases. It is guaranteed to bring results, or your grocer will return your money.
Kellogg's Bran, cooked and krumbled, is delicious with milk or cream. You will like its nut-like flavor—so different from ordinary, tasteless bran. Sprinkle it over the cereals. Cook it with hot cereals. Eat it in Kellogg's Bran muffins, griddle cakes and many other wonderful recipes given on the package.
Kellogg's Bran, cooked and krumbled, is made in Battle Creek and is served by the leading hotels and clubs everywhere. It is sold by all grocers.

WINTER READERS DRAW HEAVILY ON PUBLIC LIBRARY

Large Supply Of New Books Is
Received At Horton-
ville Library

Hortonville—Miss Florence Buck, librarian, states that there is an unusually large number of patrons drawing books from the library during these winter months. One hundred sixteen books were drawn Saturday, Feb. 9, and ninety books were drawn last Saturday.

Although the popular demand is for fiction, some very good nonfiction books arrived recently with a group of traveling library books, and these are finding favor with a number of readers. Two of them, which are proving interesting, are "Roosevelt and the Bad Lands" by Hagedorn, and the "Life of Christ" by Papini. Fiction readers find "Madame Claire" by Fetz, "The Middle of the Road" by Gibbs, "Dr. Nye by Joseph Lincoln, and "Emily of New Moon" by Montgomery, interesting.

Following is a list of some of the other traveling library books received last week: Wisp, A Girl of Dublin, by Adams.

Mechanical Devices in the Home, Allen.
Wild Swan, Anderson.
Polaris, Borne.
When the West was Young, Bech-doll.

The Great Hunger, Boye.
Kit Musgroves Luck, Bindloss.
Little Book of Well Known Toys, Brandon.

Jane Eyre, Bronte.
Russian Picture Tales, Barrick.
Jass O' Laughter, Cechermer.
Wonders of Chemistry, Collins.
Daughters of Helen Kent, Comstock.

Lost Wagon, Coolidge.
Alaskans, Curwood.
Uncle Zeb and his Friends, Frontz.
Wanderer of the Wasteland, Grey.
Bright Shawl, Heger, Schomer.
Flower of Fortune, Knipe.
We and Our Work, Johnson.
Years Between, Kipling.
Snow Shoe Trail, Marshall.
My Thirty Years in Baseball, McGraw.

Our American Humorists, Masson.
Child Training, Patti.
White Heart of the Prairie, Perkins.
Men of Affairs, Pertence.
Hawkeye, Zwick.
Iron Heart, Paine.
Scaramouche, Sebastini.
Stories of Luther Burbank, Shusser.
After the Manner of Men, Lynde.
The Graven Image, Widdemar.

SOCIAL WHIRL IN NEW LONDON

Special to Post-Crescent
New London—The Misses Melda Pelzer, Lorraine Knapp, Alze Leonardson and Lorena Oestreich gave a Valentine party at the home of Miss Knappstein on Saturday evening in honor of the approaching marriage of Miss Carolyn Oestreich to Robert Gardiner of Racine. The living rooms and the tables were decorated with red hearts and red candles entwined with smilax. A huge heart, designed of red crepe paper and suspended in a doorway opened to display gifts for the bride-to-be at the pulling of a string attached to the heart. The evening was spent at bridge. POLICE RECOVERED 31 CARS STOLEN IN 1923, REPORT SAYS

Number Of Arrests Last Year
Was 50 Per Cent Greater
Than In 1922

The reputation of Appleton's police department for running down stolen automobiles was upheld again last year when the department recovered all but two of the 31 cars that were stolen in Appleton and also recovered 16 cars stolen outside the city, according to the annual police report submitted by Chief George T. Prim to the city council and the police and fire commission.

Following the lost and stolen seemed to have been special features of the police efficiency last year, for of 27 bicycles stolen in the city, the police department also recovered 19. Twenty-six lost children were returned to the parents by the police.

The department does not receive a check on all the accidents that occur in Appleton, but those reported at the station alone numbered 233. During the year the city looked provided shelter for 286 homeless lodgers. Leaving the doors unlocked is a deplorable habit of a number of business places. Last year night patrolmen found 811 doors open and locked them. A part of the police business is to order dead animals to be removed. A total of 153 dead animals were found last year.

183 AMBULANCE CALLS
The city ambulance played a prominent part in conveying injured and sick persons. The ambulance answered 183 calls in which a total mileage of 649 miles was covered. The police-touring car in the capacity of a patrol vehicle answered 1,107 calls and traveled 5,355 miles.

Appleton's police department consists of 34 persons. A vacancy which occurred a year ago was never filled. The personnel is as follows: George T. Prim, chief; Patrick J. Vaughn, captain; Earl Vandebogart, James Moore and Joseph Schmirer, sergeants; James Duval and Matthew McGinnis, detectives; Albert P. Deitgen, mechanic; John Kobussen, chauffeur; William Lockery, Joseph Rankin, Edward Ratzman, E. B. Carnes, Herbert Klapp, Joseph Bayer, Frank Johnson, patrolmen; Mildred H. Gardner, policeman.

ARRESTS INCREASE
Arrests increased 50 per cent during the past year, for the number arrested was 226, as compared with 178 the year previous. One reason for this increase was a large number of arrests for violation of the arterial highway ordinance. Listed according to social state, 81 were married and 188 were single. Other classifications give 165 residents and 101 non-residents. Every one of the 266 was white. There were no illiterates. Twenty-one were fugitives from justice. Persons of almost every age were placed under arrest, as follows: 57 between 16 and 20; 87 between 20 and 30; 78 between 30 and 40; 28 between 40 and 50; 43 between 50 and 60; 6 between 60 and 70.

About half of those arrested gave their occupations as laborers. Other occupations represented frequently were salesmen, students, soft drink dealers, truck drivers, farmers, school boys, painters, clerks, mechanics, domestic, housewives, real estate men, printers, paper makers, insurance agents.

The majority of arrests, as previously reported in this newspaper, were for exceeding the speed limit 71, drunkenness 57, violating the arterial highway ordinance 28. Other crimes yielded from 1 to 9 arrests each.

POLICEWOMAN BUSY
In the annual report of Mrs. Mildred Gardner, policewoman there are reported seven arrests, fifty-three public dances supervised, twenty-five minors taken home from dances, one maternity case at which she assisted, adoption of two babies arranged for, two girls placed in Salvation Army home, medical service obtained for three girls, two girls placed in state institutions, four delinquent girls returned to other cities, fifteen girls interviewed at home, two girls paroled, nineteen girls interviewed at the station, three runaway girls returned, two girls returned from state institutions, employment secured for thirty-nine women, one destitute girl cared for, fifty-four parents interviewed, twenty-six library books returned.

Radio Brings Rain Of Pleas For Hairpins

Between three and five hundred requests for samples of Scolding Locks Hairpins are being received daily by the Scolding Locks Hairpin Co. from persons in eastern Canada and the New England states as a result of an advertising stunt by the Montreal representative of the company. This representative arranged with a Montreal newspaper to give two radio talks, one each in French and English, from this paper's broadcasting station and in this talk he invited his hearers to send for the samples. The next morning the newspaper received 300 letters and they are being forwarded in bundles of several hundred every day. About 300 of the letters received here are in French.

Appleton was given considerable advertising by this publicity stunt as well as by the newspaper and magazine advertising which the hairpin company has undertaken. The radio message was the first time in the history of Canada that a broadcasting station was used for advertising purposes.

TWO STUDENTS ELECTED TO HONORARY FRATERNITY

Lawrence Masterson and Lloyd Goan were the two Lawrence seniors who were elected to the Mace honorary society this year. Election in Mace is based on high scholastic average along with active participation in two or more student activities. Character and Christian leadership also are counted in the election. Goan is a football letter man having played in the back field for four years. He is a track letter man, also. Masterson is the president of the all college club and was elected to Phi Beta Kappa recently. Goan is from Fennimore and Masterson is from St. Croix Falls.

3,695 MILES OF HIGHWAY BUILT IN STATE LAST YEAR

Concrete Roads Cost \$24,500 a
Mile In 1923, Report
Shows

Wisconsin's road program last year resulted in the construction of 3,695 miles of highway, including grading and surfacing, at a cost of \$19,637,000, according to a report prepared by the state highway commission, and published in the quarterly report of J. G. D. Mack, state engineer. This report is a summary of all construction work during the last year.

A total of 313 miles of highways were graded or surfaced or both during the year, under federal aid projects, the report shows. The federal government contributed a total of \$4,442,819 to highway projects in the state during the period. Seventy-five miles of concrete highway were graded and constructed under federal projects, costing \$2,485,521. Other federal aid projects both graded and constructed during the year follows: Gravel, 126.36 miles, cost \$1,312,779; miscellaneous, 35.36 miles, cost \$235,933. Federal projects of grading only amounted to 973 miles, at a cost of \$85,544.

Federal projects which were surfaced only follow: Concrete, three miles, \$30,800; gravel, 58.35 miles, cost \$158,457; miscellaneous, 5.48 miles, cost \$24,969; gravel total for all federal projects, 313.68 miles, cost \$4,442,819.

STATE AID'S 348 MILES

Under state aid construction, the report shows the following for grading and surfacing projects: concrete construction, 248.68 miles, cost \$96,495; gravel, 139.42 miles, cost \$2,458,798; miscellaneous, 355.54 miles, cost \$454,445; totals, graded and surfaced state aid, 1,274.26 miles, cost \$12,212,903. In projects of grading only, state aid resulted in the construction of 680.7 miles, at a cost of \$1,160,055.

State aid projects in which highways were surfaced only follow: Concrete, 17.4 miles, \$419,408; macadam,

0.25 mile, \$4,000; gravel, 194.35 miles, \$345,390; miscellaneous, 59.25 miles, \$95,899; totals, surfacing only 271.25 miles \$865,698. The report also shows that during the year a total of 2,226.21 miles of road of all types were constructed under state aid, at a cost of \$14,238,657. "Gang maintenance" during the year covered a total of 1,255.51 miles, at a cost of \$855,841.

TOTALS OF ALL WORK

The totals for all the various classes of construction under federal, state and local supervision, follow:

Graded and surfaced: concrete, 424.08 miles, cost \$11,659,684; cost per mile, \$27,550; macadam, 29.62 miles, cost \$96,495; cost per mile, \$3,260; gravel, 1,102.92 miles, cost \$4,229,333; cost per mile \$3,875.

Graded only: 1,250.65, cost \$1,478,530; cost per mile \$1,184.

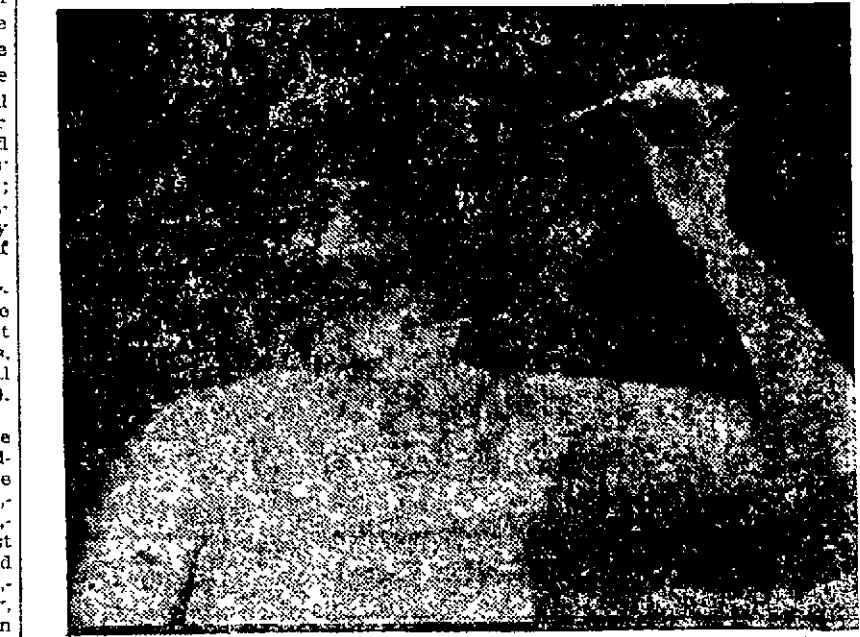

Surfaced only: Concrete, 20.40 miles; cost \$499,902; cost per mile, \$24,500; macadam, 0.25 miles; cost \$4,000; cost per mile, \$16,000; gravel, 455.65 miles; cost \$725,645; cost per mile, \$1,590; miscellaneous, 71.23 miles; cost \$123,478; cost per mile, \$1,805.

DELINQUENT TAXES IN HANDS OF POLICE

The period of grace for delinquent taxpayers has expired. On Monday, Fred Bachman, city treasurer, turned over a long list of uncollected taxes to the Appleton police department for collection. The list includes nearly 500 different items of income taxes, surtaxes, personal property taxes and dog taxes. The bills range from 83 cents to \$356. A 2 per cent penalty is assessed the delinquent taxpayers.

Why Girls

Are not prettier—why women grow old

By Edna Wallace Hopper

I was a plain girl, but I made myself a famous beauty. I have reached the age of 62, but I keep my youthful looks. Countless young girls envy my hair and my complexion.

No ordinary beauty helps ever did, or ever will, bring such results to women. I searched the world for the best helps in existence. I spent a fortune to obtain them. To them I owe all that beauty and perennial youth have meant in my career.

Now I have placed those identical helps at your call. To girls they mean multiplied beauty, to women continued youth. I urge you to let them bring to you what they brought to me.

The great mistakes
Millions of women seeking beauty and youth use unscientific helps. Now I bring you the best helps in existence. Clay is a beauty essential. No girl can look her best without it, no woman and muddy clays so many still employ. A super-clay has been perfected by 20 years of scientific study. It is white, refined and dainty. It is ten times more effective than the ordinary clays.

I call this my White Youth Clay. Many women with one use, seem to drop ten years. It brings a rosy, clear complexion. It removes the causes of blackheads and blemishes. It firms the skin, combats all lines and wrinkles. My White Youth Clay will amaze and delight you. I urge you to see what it does. The cost is 50 cents and \$1.

Scientific Creams

Women use creams which no great expert in the world could sanction. I made a world-wide search to get the best creams in existence.

One is my Youth Cream—a cold

cream. It contains both lemon and strawberry. Also all the best that science knows so soft, feed and foster the skin texture.

I use it after the clay. Also as a night cream, also daytimes as a powder base. Never is my skin without it. I want you to learn what Youth Cream means to you. It costs only 50 cents.

Hair you marvel at
Millions marvel at my luxuriant hair. It is thick and lustrous—finer far than 40 years ago. Falling hair, dandruff and gray hair have never come to me.

This is also due to France. She perfected my Hair Youth. I apply it daily with an eye dropper, directly to the scalp. It does not raise the hair. It cleans the scalp, stimulates and fertilizes. Then the hair roots flourish and bring the results I show.

If you wish like hair, use this method—the best that science knows. My Hair Youth costs 50 cents and \$1 with eye dropper.

All druggists and toilet counters supply these preparations. Nothing else in all the world can bring you like results. Go try them. Let them bring you what they brought to me. Edna Wallace Hopper, 535 Lake Shore Drive, Chicago.

Make a Family Supply of Cough Remedy
Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the irritated tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine, slow-growing pine extract, and has been used for generations to break severe coughs. To avoid disappointment, ask your druggist for 2 1/2 ounces of Pinex, with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. LESLIE PRESCOTT TO LESLIE PRESCOTT, CARE OF THE SECRET DRAWER

I don't think, little Marquise, that I realized how hard it was going to be to keep from telling Jack about the pearls. I never thought about anyone asking me questions about the family. As it is, it almost seems providential. Jack was so interested in his own affairs and the money that he didn't pay very much attention to anything else.

While this gave me great relief, it also disappointed me greatly with my husband. I don't believe there is any position that I could be in that would make me forget all about anything or anyone who was very dear to Jack's heart.

Little Jack has been quite ill ever since I returned from New York and I have been up night and day with him. Yet John has not paid much attention to him.

Fortunately among my letters when I arrived home I found one from mother describing minutely dad's condition and symptoms. Consequently when Jack was at last ready to ask the usual questions about dad's sickness I was able to tell him. Because I have been lying so much to Jack, little Marquise, I have felt that I could hardly allow him to kiss me any more than was absolutely necessary to keep him from suspecting anything. Jack has been very hurt at this. Of course he has concluded that it was his fault and he goes about with such a hurt look on his face. Truly he is a great boy. I have as much care with him as I have with little Jack. I wonder if that is always a part of a wife's job.

I don't know how he got along without me before we were married. He has been very silent and moody lately, but today for the first time he seemed to be more like himself. He came to me quite humbly before he left for the office this morning.

"Leslie dear, I don't really understand why you love me at all except it is because I need your love so much. You are the sweetest, dearest little woman in all the world and I am going to show you that I appreciate it."

"Don't think for a moment that I didn't realize what I was asking you to do when I asked you to go to your father for me. I shall endeavor to make you understand this in the future."

"Leslie dear, you are looking pale. I am sure you are working too hard. Won't you get some one to help you in the kitchen? I hardly see you any more and we haven't been to the theater or a restaurant in I don't know when. Come on, let's go tomorrow."

As Jack said this the telephone rang and he picked up the receiver which stood below him on the table. His eyes lighted up quickly.

"Well, well, well! How are you?" he said. Evidently some one asked him to do something, for he said, "Of course we will. Leslie will be delighted. I am sure. See you at seven o'clock," and then he hung up the receiver.

Adventures Of The Twins

Daddy Gander and Tom Tinker helped the Twins to get started at housekeeping in their Christmas-tree house.

It was a very little house, made for very little dollies to go housekeeping in when they got tired of hanging on a Christmas tree.

But that difficulty was soon overcome by Daddy Gander waving his magic dustpan, one, two, three times and saying a gibberish charm.

The little house began to swell and swell until the doorway was exactly as high as Nancy's head. Nick, who was one-thousandth part of an inch taller than Nancy had to stoop one-thousandth part of an inch to get in.

The furniture was mostly of paper and so were the windows; and evidently the best parlor was to be used as laundry, bedroom and kitchen also, for a whole washing-set, clothes-pins and all, stood beside the card-board piano and the kitchen stove stood directly behind a red plush sofa.

There may have been a reason for this, for kitchen stoves are weighty and firm and to be depended upon, and the poor little red plush sofa had no hind legs. No doubt it was very glad of the stove's support.

Tom Tinker turned on the lights which gave the place a festive air, the windows being covered with red and green paper.

"Now, my dears, I do hope you'll be comfortable," said Daddy Gander. "I'll have the Fleeman and the Bakerman and the Butcher send in supplies."

"I think it's perfectly lovely," cried Nancy, clapping her hands. "If you know of anybody who has any washing to do, send them in too, please. I'd love to try this dear little wringer and these really truly clothes-pins."

"I'll just do that," said Daddy Gander. "I must go now and see if Tom Tinker has made any more crumbs. If Mother Goose comes home and finds I haven't kept things in order, she'll be cross as anything. Goodbye, now!" And away went Daddy Gander, with Tom Tinker dancing a jig behind him.

DEDUCT EXPENSE OF DRIVING CAR IF YOU USE IT IN BUSINESS

Internal Revenue Collector Gives Rules For Deduction Of Driving Costs

Deductions allowed by the federal income tax in connection with the maintenance and operation of automobiles are matters that many taxpayers fail to take advantage of. For that reason, A. H. Wilkinson, collector of internal revenue for the district of Wisconsin, has prepared a list of suggestions on the subject as follows:

Cost for garage bills, gasoline, repairs, etc., may be deducted as a business expense when an automobile is used wholly for business purposes, or in trade, profession, or farming. When used partly for such purposes and partly for the pleasure or convenience of the taxpayer and his family, the cost may be prorated and that part attributable to business or the other pursuits mentioned deducted as a business expense.

The same rule applies with regard to the deduction for depreciation which is allowed when an automobile is used wholly in business, trade, profession or farming, and must be apportioned accordingly, when used partly for such purposes and partly for pleasure. If an automobile is used almost exclusively for pleasure a deduction for depreciation is not allowed.

CAN'T DEDUCT COST

The purchase price of an automobile, even when used wholly in business, cannot be deducted from gross income. It is a capital expenditure, deduction of which is expressly disallowed by the revenue act. The 3 per cent tax which attaches to the sale of an automobile cannot be deducted by the purchaser because it is a tax levied on the sale by the manufacturer, and must be returned and paid by him.

The manufacturer may reimburse himself in the amount of the tax by agreement with the purchaser, in a manner prescribed by treasury regulations. So far as the purchaser is concerned, the tax is a part of the cost to him of the automobile. The manufacturer may not deduct the tax in his return, unless the amount is included in his gross income.

An automobile license fee is regarded as a tax, and may be deducted whether the automobile is used for business or for pleasure or convenience.

In the event of a collision between a truck and an automobile used for pleasure or convenience, the owner of the truck may claim a deduction for

Autoist Seems Ready For Something That Will Tone Down Traffic Hazards

A traffic club of 700 or 800 members for Appleton would not be a surprise to the chamber of commerce, judging from the interest that motorists are showing. More and more drivers are informing Secretary Hugh G. Corbett that they are ready to join as soon as the organization is formed.

Every car owner in Appleton will be invited to a meeting soon to launch the Safe Drivers club and organize an organized effort to sharpen consciousness of drivers, improve the traffic conditions and road courtesy and cut down the number of accidents.

Charles A. Carver of Oshkosh, president of the Winnebago County Safe Drivers club has been invited to come here and speak and the date for the meeting will be set as soon as his reply is received. Bylaws, rules, membership forms and other essentials are all in readiness for such a gathering.

Damages, provided the truck was being used for business at the time of the collision. No deduction is allowed the owner of the automobile, because it was not being used for business purposes. Amounts expended by owners of automobiles used for pleasure or convenience in repairing damages thereto caused by negligent operation do not constitute deductible losses.

Meeting Of Dance Supervisors May Be Held Here In Near Future

It is possible that a county-wide meeting of dance hall inspectors will be held in Appleton within the near future, at which the inspectors with the assistance of the district attorney will thoroughly familiarize themselves with the interpretation of the dance hall ordinance, and discuss various problems that arise in the discharge of their duties.

Such a meeting was recommended by several supervisors at the recent meeting of the county board. It was also suggested that the inspectors organize and elect a head, or chief, among them. Occasional exchange of calls to be inspected may result from such a movement. Under the ordinance, the county supervisors may, when a vacancy exists, borrow an inspector from another municipality.

Rainbow Gardens was opened Saturday evening after it had been closed for a week. According to the report of G. L. Chamberlain, one of the new inspectors appointed, nothing objectionable was found at the place.

Are You Using SOLITE GASOLINE?

(REG. U.S. PAT. OFF.)

IF NOT, you are overlooking a highly volatile gasoline that will give a better account of itself in your motor than any of the so-called "high-test" gasolines you have ever used.

The Standard Oil Company (Indiana) is proud of the record that Solite has made in the short space of one year, and it is equally proud to recommend Solite to the motorist who has been using so-called "high-test" gasolines.

Solite has all the qualities for instant starting and quick pick-up that so-called "high-test" gasolines have, but in addition it produces tremendous power and racing speed if you want it.

The answer is that Solite drives the piston the full stroke under power—which is unusual in a light gasoline.

Solite has given such splendid service that it has won for itself a definite place in the minds of thousands of motorists.

For a light gasoline it is low priced—

1924 Record Season

Angling and Shooting Club Lists
First New Member Of Year;
Plan Improvements At Park

Last week's thaw evidently awakened thoughts of spring in the minds of Appleton marksmen. For one of them, William Denstedt, has signed up with the Appleton Angling and Shooting club, and G. L. Chamberlin, secretary-treasurer of the club has nine more prospects on his list. Denstedt is the first man to sign up for 1924, and his entry marks the beginning of what is hoped to be a record season.

Plans for the coming year include four registered shoots, which already have been authorized by the American Trapshooters association which is the national headquarters of the local club. The first of these is to be held on May 4, and the remaining dates will be announced in sufficient time to permit other branches of warm weather sport to arrange schedules so that they will not conflict with these dates. Last year both the shoots and other activities suffered through conflicting dates. The shoots were held on Sunday afternoon, and several times came on the same day as home games in the State League baseball schedule. It is hoped that this may be avoided in 1924.

WILL START IN APRIL
Practice will be started in mid-April. This is in line with the policy of the club to get more action than ever before. The traps will be improved, and No. 2 will be arranged as a handicap station back to 23 yards. This will permit the classification of marksmen for registered tournaments and will give them a line on their ability.

The shoots are open to all, and the public is invited to attend. Visiting the shoots entails no obligation to join the club, and the payment of small fee to cover the cost of targets and other incidentals permits anyone to shoot.

TENDLER BEATS
PINKEY MITCHELL
IN 10-ROUND GO

Johnny Mendelsohn Buries Tip-
litz Under Shower Of
Blows In Semi-Final

Milwaukee—Low Tandler, Philadelphia, outpointed Pinky Mitchell of Milwaukee in a ten-round no decision boxing contest here Monday night, according to the newspaper men at the ringside.

The Philadelphia southpaw carried the fight to Mitchell throughout and the latter fought on a defensive in attempts to counter Tandler's rushes with rights to the head.

Tandler staggered his opponent with a left and right to the head in the second round, driving him into the ropes. In the third Lew had a gash opened on top of his head.

Mitchell was bothered by Tandler's clever left hand attack from the start and fell victim to solid left uppercuts to the body and head.

In the preliminary fight, Johnny Mendelsohn of Milwaukee decisively defeated Joe Tipitz, of Philadelphia in the semi-final bout of the evening, winning eight out of ten furious rounds.

Danny Kramer of Philadelphia made a veritable punching bag out of Joe Tipitz in the opening ten-round encounter winning all but one of the ten sessions.

MILWAUKEE TEAM
JUMPS TO FIFTH
IN DOUBLE TILTS

Janesville Tournament Is Ranked
As One Of Best Because
Of High Scores

By Associated Press
Janesville—Ranked as one of the best on record because of the excellent scores rung up, the twenty-second annual Wisconsin bowling tournament, closed here Monday afternoon as a new fifth doubles and a tie for fourth in all events were made.

Performing on the ultimate shift, a Milwaukee team tandemed into position among the leaders when A. Abner and A. Reichert shot 1,248, twenty pins less than first place figures.

L. Schmidt, another Cream city plugger, knotted L. Hamelink, Kenosha in all events with 1,563.

After 32 days of howling the 1924 champions are: Freeman—Lynch's Alloys, Green Bay, 2,954.

Doubles—E. Gossett-F. Lahzer, Menasha, 1,268.

Singles—A. Liebacher, Milwaukee, 709.

All-events—A. Liebacher, Milwaukee, 1921.

"It has been a fine meet so far as scores go," declared W. F. Fenske, secretary, "I was glad to see Lynch's boys from Green Bay go into first in five-man events Sunday night and I know the boys in Milwaukee will say so, too. It is only natural that with so many teams from Milwaukee—mind you over \$8,000 of the entry money came from Milwaukee—that they should go big, and so it is always good when one of the other cities of the state takes a title."

In the preliminary, first in the doubles I am sure when I get back to Milwaukee, the boys will all tell me, 'Good for Neenah-Menasha.' What I would like to see would be the places changing by one or two pins every day of the meet."

MAIL CHECKS
Fenske was to deposit for Milwaukee Tuesday to complete the task of mailing checks to 1,209 prize winners, totaling \$18,280. It was announced Monday that at scores of 2,583 or over in five-man, all of 1,107 or better in doubles and all of 573 or more in singles are in the money.

With the men's meet over, the all-boys will be occupied from Tuesday night until next Monday by the state women's meet and its 112 five-woman teams, 60 of which are boosters, 141 two-woman teams and 248 individuals.

"It's 'on to Fond du Lac, 1925' now for the men."

Following are the ten high teams or individuals in each event with their scores and prize money:

FIVE-MAN
Lynch's Alloys, Green Bay, 2,954, \$425.
Tegtmeyers Jewelers, Milwaukee, 2,947, \$375.
Eskimo Pops, Kenosha, 2,939, \$325.
Hummel and Downing, Milwaukee, 2,932, \$215.
Cayana Cigars, Milwaukee, 2,930, \$235.

THREE ELECTRIC WASHERS, Oshkosh, 2,907, \$203.
I. Hoffman Co., Milwaukee, 2,901, \$185.
Johnson Wax Kids, Racine, 2,592, \$170.
Excel Candy Co., Fond du Lac, 2,581, \$155.

Villa Must Learn To
Stop Foe When Groggy

Pancho Villa is a fine little fighting machine but lacks one essential that makes for greatness. He cannot finish a groggy fighter. This is a phase of fighting that calls for expert work.

Dempsey very seldom lets a man get away from him once he wounds him. Ditto Leonard. The other champions, however, do not rate high as "finishers." There is more of shrewdness in their makeup than in the most.

Villa should have finished Jimmy Wilde in two rounds at the most. The mite Englishman was groggy and helpless early in the fight. Villa didn't have the knack of bringing over the big punch. Ultimately Wilde dropped from exhaustion.

Villa showed this same inefficiency against Tony Norman, Pittsburg flyweight, whom he dropped twice, but could not finish.

More recently the Filipino cuffed and battered Charley Marks, California bantamweight, all around the ring, hitting him with everything but the Tea Pot Dome. One well-timed, solid punch at almost any stage of the fight would have ended it. Villa, however, was not equal to the task.

KIMBERLY PINBUSTERS BEAT KAUKAUNA QUINT
Kaukauna Specials Monday took two out of three games from the Kimberly Pinbusters at Kimberly, but dropped the match by a margin of 44 maps. The Specials took the first two, 935 and 864 and 861 to 860, but the Pin Busters more than made up the elad when they came back in the third and beat their opponents by 120 pins.

H. Williams of Kimberly took high score when he topped 500 pins, and H. Minchige was runner-up with 579.

NEENAH VOLLEY BALLERS WILL PLAY BUSINESSMEN
Appleton businessmen of the noon gymnasium class at the Y. M. C. A. Tuesday night, made an invasion of the Neenah Methodist Church volleyball team. The Neenah men lost three out of five games several weeks ago when the local outfit played them on their home court and have been working hard since then to prepare for the return engagement. It is expected they have shown great improvement, and the Appleton team expects a hard tussle.

The Appleton team will be composed of Fred Schlitz, Harvey Schlitz, Walter Zwicker, Leslie Buchanan, Edwin Godfrey and Bill Cames.

This team has issued a challenge to the class which meets at 5:15, and the game is to be played in the near future.

Basketball, Boxing Card And
Wrestling Included In Fest
At Y. M. C. A.

Fox River Valley Paper Co. Saturday staged an athletic carnival in the Appleton Y. M. C. A. which was featured by a basketball contest between the Papermakers and a Co. D quintet. The Militiamen went down to defeat, 25 to 14 after a hardfought game.

The Fox Rivermen took the lead, 20 to 11, in the first half and kept it for the rest of the game. Co. D started for the Militiamen while Stillman led the doughboys in scoring and floor-work.

The next number on the program was a wrestling match between Snyder and Soeders, at 135 pounds. Snyder took the match according to the referee's decision.

Micky Mack and K. O. Brown next put on a 3-round boxing workout, in which Micky showed the results of his experience in the ring by outpointing Brown.

Bloomer and Pruney then entertained the crowd with a mat contest at 150 pounds, which Bloomer lost when his opponent got a body hold and forced him to quit after five minutes of fast work.

MELCHIOR FORCED TO QUIT
Al Gosha and Melchior contributed to the evening's entertainment with a 4-round mat-workout. Gosha was and take for two stanzas, but in the third Gosha swung over a couple of haymakers which brought a towel in to the ring from the victim's seconds.

Zimmermann lost the next wrestling match after he had held Johnson to a draw in the first, when Johnson pinned his shoulders to the mat in eight minutes.

ROTARY HOROE IS COMING IN APRIL, SAYS GOVERNOR

Clubs Are Working Up Big Delegations, Parker Tells Local Committees

Rotary clubs are working up big delegations for the Tenth district conference here in April, according to William N. "Slueth" Parker of Madison, district governor, who was in the city Monday evening. He was guest of the executive and publicity committees of the convention at a dinner at Conway hotel.

Mr. Parker was told of the progress to date in preparation for the big gathering here and offered his suggestions for completing the arrangements. He expressed himself as well pleased with

BUILDING PERMITS

Issuance of a building permit from the office of the city engineer Monday to Conrad Delmer for construction of a garage on Loraine st. brought the total value of construction authorized since the first of the year to \$185,910. It was the seventh permit of the year. Two garage permits issued in January totaled only \$360. The amount for February was swelled by the construction of the Conway hotel addition.

what Appleton was doing and predicts one of the best conventions ever held. Madison will send a delegation of 50 to 100 Rotarians, he said. Other clubs which he visited also will send large numbers. Several clubs in northern Michigan are planning 100 per cent delegations. There is more interest in this conference than any of those in the past, he said. Approximately 1,000 delegates will register here he believes.

Dancing every nite this week at Rainbow Gardens. Roads are open.

COAL THIEVES PAY SECOND VISIT TO WOODLAND SCHOOL

For the second time this winter, coal thieves broke into Woodlawn school in Grand Chute during the weekend and removed about a half ton of coal. As in the first instance the thieves helped themselves just after a new order of coal had been received at the school. The burglary took place between Friday evening and Monday morning. No clues were left by the thieves.

COMPLETE ARRANGEMENTS FOR PIONEER'S MEETING

Committees are making final preparations for the annual meeting of Outagamie County Pioneers association which will be held in Odd Fellow hall on Friday, Feb. 22. Dr. J. A. Holmes, pastor of First Methodist church, will deliver the address at the program in the afternoon.

Mrs. R. L. Kittell and daughter, Jean, of Wisconsin Rapids spent the weekend with relatives in Green Bay, Kaukauna and Appleton.

WELLS AGAIN WILL JUDGE POULTRY SHOW

George Wells of Oshkosh was selected as judge for the next poultry show at a meeting of directors of Fox River Poultry and Poultry Stock association Monday evening at George L. Loo's harness shop. It is the eleventh time Mr. Wells has been called upon by the association to serve in that capacity. The directors selected him at this time as he is in demand by other poultry associations of the state and neighboring states. The next poultry show will be held Jan. 28 to Feb. 1, 1925.

OCONTO COUNTY DAIRY MARK SET BY HOLSTEIN

Oconto—All records for dairy production for the month were broken when a registered Holstein cow, belonging to H. R. Tuttle, a member of the Oconto County Cow Testing association, made a record of 2,009 pounds of milk and 72.8 pounds of butter fat. The fourteen registered Holsteins of Mr. Tuttle also took the honors in herd production, with an average of 46.4 pounds of butter fat per cow.

PHI BETA KAPPAS HAVE ANNIVERSARY

W. Irving Maurer, president of Beloit college, will be the principal speaker at exercises Wednesday evening in commemoration of the tenth anniversary of Phi Beta Kappa society of Lawrence college. His address will be delivered at 8:15 in Peabody hall and is open to the public. The society will hold its annual initiation of members from the senior

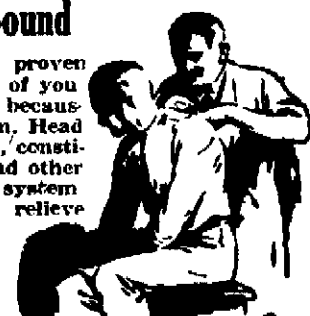

class at Lawrence in Dean Carl J. Waterman's studio in Peabody hall at 6 o'clock. At 6:15 there will be a banquet at Vermeulen's at Hotel Apple-

ton. Members, their wives or husbands have been invited. A. H. Weston, secretary, has charge of the reservations for the banquet.
